We are surprised to see so many still suffering with neuralgia and Rheumatism, when they can be cured. We know the feeling which exists among very many—"that any medicine which is advertised must be a hunibug." This may be true in some cases, but when we know of a remedy which has become so popular as Lawson's Curative, and we have such conclusive evidence of the good it has accomplished, it is more than folly not to make a trial of it, and satisfy yourselves that all the proprietors claim for it is true. In such diseases as Rheumatism, Neuralgia, Sciatica, Headache, Sore Throat, Lame Back, and Toothache, we can safely say that no remedy, either in physician's prescription or in proprietary form, has effected more cures than Lawson's Curative.
